

# Supporting your Child's Transition into Nursery...

## A Guide for Parents

This booklet is designed to support parents who have a child due to start nursery in September. It identifies the different aspects of Personal, Social and Emotional development within the Early Years Curriculum. Through planned activities, some incorporated within your daily routine, you can support your child to be ready for school.

**Working in partnership with parents to support  
your child's learning and development...**

By the end of EYFS, Reception, it has been proposed that your child will need to achieve the following three Early Learning Goals in Personal, Social and Emotional Development:

### **ELG 3: Self-Regulation**

- Show an understanding of their own feelings and those of others, and begin to regulate their behaviour accordingly;
- Set and work towards simple goals, being able to wait for what they want and control their immediate impulses when appropriate;
- Give focused attention to what the teacher says, responding appropriately even when engaged in an activity, and show an ability to follow instructions involving several ideas or actions.

### **ELG 4: Managing Self**

- Be confident to try new activities and show independence, resilience and perseverance in the face of challenge;
- Explain the reasons for rules, know right from wrong and try to behave accordingly;
- Manage their own basic hygiene and personal needs, including dressing and going to the toilet and understanding the importance of healthy food choices.

### **ELG 5: Building Relationships**

- Work and play cooperatively and take turns with others;
- Form positive attachments to adults and friendships with peers;
- Show sensitively to their own and others' needs.
